Tarot Reading

Past: Justice (Upright)

Present: Six of Wands (Reversed)

Future: The World (Reversed)

Past

You recently made a conscious, balanced decision, weighing facts and fairness before taking action. That experience taught you the value of objectivity and integrity, laying a solid foundation for how you approach current challenges.

Present

At this moment, you may be feeling the sting of inflated expectations or a desire for external validation after recent successes. The reversed Six of Wands invites you to check ego, recognize authentic achievement, and avoid comparing yourself to others.

Future

Looking ahead, the reversed World suggests a tendency to cling to material measures of success, which could block a sense of wholeness. Embrace humility, see the bigger picture, and allow gratitude for what you already have to guide you toward true fulfillment.

Final Message

Remember that fairness, sincere self-recognition, and openness to the larger flow of life will bring you deeper satisfaction. Trust the journey, celebrate genuine progress, and let gratitude illuminate the path ahead.
